

DEPARTMENT OF BIOCHEMISTRY ACADEMIC PLAN 2021-2022																
ODD SEMESTER																
Week		1	2	3	4	5	6	7	8	9	10	11	12	13	14	15
Name	Sem/ paper	14/06/2021- 19/06/2021	21/06/2021- 26/06/2021	28/06/2021- 3/7/2021	5/7/2021-10/7/2021	12/7/2021- 17/07/2021	19/07/2021- 24/07/2021	26/07/2021- 31/07/2021	2/8/2021-7/8/2021	9/8/2021- 14/08/2021	16/08/2021- 21/08/2021	23/08/2021- 28/08/2021	30/08/2021 4/9/2021	6/9/2021-12/9/2021	13/09/2021- 18/09/2021	20/09/2021- 26/09/2021
Dr. Samidha Pawasakar	Sem.V Theory	Nutrition I	Nutrition I	Nutrition I	Nutrition I	Nutrition I	Nutrition I	Nutrition I	Nutrition I	Nutrition II	Nutrition II	Nutrition II	Nutrition II	Nutrition II	Nutrition II	Nutrition II
	Sem V Pract.	Practicals based on DSC1 and 2	Practicals based on DSC1 and 2	Practicals based on DSC1 and 2	Practicals based on DSC1 and 2	Practicals based on DSC1 and 2	Practicals based on DSC1 and 2	Practicals based on DSC1 and 2	Practicals based on DSC1 and 2	Practicals based on DSC1 and 2	Practicals based on DSC1 and 2	Practicals based on DSC1 and 2	Practicals based on SEC	Practicals based on SEC	Practicals based on SEC	Practicals based on SEC
Dr. Heena Shah	SemV Theory	Amino acids,Proteins and Ionic equilibria	Amino acids,Proteins and Ionic equilibria	Amino acids,Proteins and Ionic equilibria	Amino acids,Proteins and Ionic equilibria	Amino acids,Proteins and Ionic equilibria	Amino acids,Proteins and Ionic equilibria	Amino acids,Proteins and Ionic equilibria	Amino acids,Proteins and Ionic equilibria	Amino acids,Proteins and Ionic equilibria	Food spoilage and food preservation	Food spoilage and food preservation	Food spoilage and food preservation	Food spoilage and food preservation	Food spoilage and food preservation	Food spoilage and food preservation
Dr.Ketan Ranade	Sem V Theory	Enzymes, pH and Buffers	Enzymes, pH and Buffers	Enzymes, pH and Buffers	Enzymes, pH and Buffers	Enzymes, pH and Buffers	Enzymes, pH and Buffers	Enzymes, pH and Buffers	Enzymes, pH and Buffers	Enzymes, pH and Buffers	Digestion and absorption; Amino acid and protein metabolism	Digestion and absorption; Amino acid and protein metabolism	Digestion and absorption; Amino acid and protein metabolism	Digestion and absorption; Amino acid and protein metabolism	Digestion and absorption; Amino acid and protein metabolism	Digestion and absorption; Amino acid and protein metabolism
	Sem V Pract	Practicals based on DSC1 and 2	Practicals based on DSC1 and 2	Practicals based on DSC1 and 2	Practicals based on DSC1 and 2	Practicals based on DSC1 and 2	Practicals based on DSC1 and 2	Practicals based on DSC1 and 2	Practicals based on DSC1 and 2	Practicals based on DSC1 and 2	Practicals based on DSC1 and 2	Practicals based on DSC1 and 2	Practicals based on SEC	Practicals based on SEC	Practicals based on SEC	Practicals based on SEC
Ms. Saeema Khan	Sem V Theory	Carbohydrates and Lipids	Carbohydrates and Lipids	Carbohydrates and Lipids	Carbohydrates and Lipids	Carbohydrates and Lipids	Carbohydrates and Lipids	Photosynthesis and Carbohydrate metabolism	Photosynthesis and Carbohydrate metabolism	Photosynthesis and Carbohydrate metabolism	Photosynthesis and Carbohydrate metabolism	Photosynthesis and Carbohydrate metabolism	Photosynthesis and Carbohydrate metabolism	Photosynthesis and Carbohydrate metabolism	Photosynthesis and Carbohydrate metabolism	Photosynthesis and Carbohydrate metabolism
	SemV Pract															

Note: Kindly note that this is strictly a provisional plan and it may be subjected to the changes in the - topics/teachers allotted for the topics/time schedule, as per the prevailing situation.

DEPARTMENT OF BIOCHEMISTRY ACADEMIC PLAN 2021-2022																
EVEN SEMESTER																
Week		1	2	3	4	5	6	7	8	9	10	11	12	13	14	15
Name	Sem/ paper	15/11/2021- 20/11/2021	22/11/2021- 26/11/2021	28/11/2021- 04/12/2021	06/12/2021- 11/12/2021	13/12/2021- 18/12/2021	20/12/2021- 24/12/2021	03/01/2022- 08/01/2022	10/01/2022- 15/01/2022	17/01/2022- 22/01/2022	24/01/2022- 29/01/2022	31/01/2022- 05/02/2022	07/02/2022- 12/02/2022	14/02/2022- 19/02/2022	21/02/2022- 26/02/2022	28/02/2022- 05/03/2022
Dr. Samidha Pawasakar	Sem.VI Theory	Endocrinology I	Endocrinology I	Endocrinology I	Endocrinology I	Endocrinology I	Endocrinology I	Endocrinology I	Endocrinology I	Endocrinology II	Endocrinology II	Endocrinology II	Endocrinology II	Endocrinology II	Endocrinology II	Endocrinology II
	Sem VI Pract.	Practicals based on DSC 3 and 4	Practicals based on DSC 3 and 4	Practicals based on DSC 3 and 4	Practicals based on DSC 3 and 4	Practicals based on DSC 3 and 4	Practicals based on DSC 3 and 4	Practicals based on DSC 3 and 4	Practicals based on DSC 3 and 4	Practicals based on DSC 3 and 4	Practicals based on DSC 3 and 4	Practicals based on DSC 3 and 4	Practicals based on SEC	Practicals based on SEC	Practicals based on SEC	Practicals based on SEC
Dr. Heena Shah	Sem VI Theory	Nucleic acids	Nucleic acids	Nucleic acids	Nucleic acids	Nucleic acids	Nucleic acids	Nucleic acids	Nucleic acids	Developmental Biology	Developmental Biolog	Developmental Biologn	Developmental Biologn	Chromatography,Spectroscopy	Chromatography,Spectroscopy	Chromatography,Spectroscopy
Dr.Ketan Ranade	Sem VI Theory	Lipid metabolism	Lipid metabolism	Lipid metabolism	Lipid metabolism	Lipid metabolism	Lipid metabolism	Lipid metabolism	Centrifugation and Electrophoresis	Centrifugation and Electrophoresis	Centrifugation and Electrophoresis	Centrifugation and Electrophoresis	Centrifugation and Electrophoresis	Centrifugation and Electrophoresis	Centrifugation and Electrophoresis	Centrifugation and Electrophoresis
	Sem VI Pract	Practicals based on DSC 3 and 4	Practicals based on DSC 3 and 4	Practicals based on DSC 3 and 4	Practicals based on DSC 3 and 4	Practicals based on DSC 3 and 4	Practicals based on DSC 3 and 4	Practicals based on DSC 3 and 4	Practicals based on DSC 3 and 4	Practicals based on DSC 3 and 4	Practicals based on DSC 3 and 4	Practicals based on DSC 3 and 4	Practicals based on SEC	Practicals based on SEC	Practicals based on SEC	Practicals based on SEC
Ms. Saeema Khan	Sem VI Theory	Genetics	Genetics	Genetics	Genetics	Genetics	Genetics	Genetics	Recombinant DNA Technology and Plant tissue culture	Recombinant DNA Technology and Plant tissue culture	Recombinant DNA Technology and Plant tissue culture	Recombinant DNA Technology and Plant tissue culture	Recombinant DNA Technology and Plant tissue culture	Recombinant DNA Technology and Plant tissue culture	Recombinant DNA Technology and Plant tissue culture	Photosynthesis and Carbohydrate metabolism
	Sem V DSE Theory.															

Note: Kindly note that this is strictly a provisional plan and it may be subjected to the changes in the - topics/teachers allotted for the topics/time schedule, as per the prevailing situation.
