

K J Somaiya College of Science and Commerce

presents

**National Symposium on
RARE EARTH ELEMENTS
& STRATEGIC MINERALS**

Exploration, Processing and Applications

Jointly Organized by

Department of Chemistry and Geology

6th & 7th Feb 2026

Symposium Highlights

REE Exploration &
Processing Technologies

Strategic &
Industrial Applications

Sustainability &
Circular Economy

Academia-Industry
Interaction

Eminent Speakers
& Experts

Theme for the Symposium

- Geology, Exploration and Resource Assessment of REES & Strategic Minerals
- Extraction, Processing and Separation Technologies
- Chemistry of rare-earth and strategic Minerals
- Materials Chemistry, Metallurgy and Functional Applications
- REES in Energy, Defense and Strategic Technologies
- REE of placers (Fluvial, costal, nearshore), deep-sea minerals and extraterrestrial materials
- Sustainability, Recycling and Environmental Management
- Policy, Supply Chain security and Industry-Academia Interface

Registration Details and Process

All participants of the conference must register for the conference. Researchers, scientists, technologies, academicians, executives and professionals from industries, final year PG students are expected to be among the delegates participating in the conference.

Registration Fees	
Academician and Scientist	1500/- INR
Industry professionals	2500/- INR
Research Scholars	1000/-INR
Students (UG & PG)	350/- INR

Scan to Register

**Register Before
3rd February, 2026**

Accommodation will be provided on request at campus on paid basis.
